

## Junior Volunteer Safety Guidelines

To ensure a safe Junior experience, you are encouraged all to be aware of the following:

- In the event that a participant in the Junior is injured or needs medical assistance, volunteers are to seek medical staff, security or a police officer near your location for assistance. Medical personnel are located at entrance to the football stadium near the American Medical Response ambulance and at the Lost Parent Tent in the “Family Fun” (practice field) area.
- If you see a suspicious person, object or vehicle near the event, please notify the security staff or law enforcement nearby.
- Do not store, hide or leave any personal items (backpacks, packages, etc.) in the event area (football stadium, track or practice field, etc.)
- Do not store or hold bags or packages for someone you don’t know.
- Do not bring any unnecessary items with you. Security staff in various areas will be performing bag checks.
- In the event that severe weather occurs event day, please listen to instructions from your captain.
  - Tune into **NewsRadio Wood 1300 AM** for weather information.

### EVENT ALERT SYSTEM

The Event Alert System (EAS) communicates the status of course conditions to participants, volunteers and spectators on event day. The levels range from Low (**green**) to Moderate (**yellow**) to High (**red**) to Extreme (**black**) based on a variety of factors, including but not limited to weather conditions.

- All volunteers should familiarize themselves with the EAS prior to the event, remain alert for directions from event officials and announcers, and take precautions to prepare properly for varying weather conditions on event day.
- Event Alert System table:

### THREATENING WEATHER CONDITIONS

The Fifth Third River Bank Run will be canceled or delayed (up to 1 hour) if any of the following weather conditions exist:

TORNADO WARNING

THUNDERSTORM

EXTREME HEAT INDEX

TORNADO WATCH

‘HEAVY’ RAIN

In the event that threatening weather conditions require seeking shelter, PA announcements will be made and your area captain and security will be communicating instructions to you to help participants and spectators to safe locations near the event. **GRANDVILLE MIDDLE SCHOOL is the closest shelter.**

### INDIVIDUAL RESPONSIBILITY

- It is the responsibility of volunteers to understand safety is the number one factor in any situation or decision to postpone or cancel the event.
- It is imperative for any person involved in the event to understand that self-preservation is of utmost importance. Therefore the safety of individuals involved with the event – participants, spectators, volunteers, event staff and vendors – is ultimately the responsibility of the individual.
- If a substantial building is not available for shelter, enclosed motor vehicles can provide shelter as long as patrons do not touch the metal framework during the thunderstorm.
- No place outside is safe if lightning is in the vicinity. Partially enclosed vending areas and tents are not safe. If no safe shelter is available, direct patrons to stay away from the tallest objects (trees, light poles, flag poles), metal objects (fences or bleachers), standing pools of water and open fields. If patrons are still in transit to the venue, encourage them to remain in their vehicles until the lightning threat has ended.
