

END OF FALL
HIGH MILEAGE BASE PLAN

Plan developed by a Level II certified USA Track and Field Coach Michael Wojciakowski

Dear friends of the Amway River Bank Run and RunGR,

We hope you find this fall base training plan helpful and effective as you come off your summer and early fall 2024 races and prepare for the 2025 Amway River Bank Run events. This is part one of a two-part training plan that was developed by RunGR's experienced head coach, Mike Wojciakowski and incorporates weekly speed work, easy runs, and long runs to help you build endurance, strength, and speed. We hope you also enjoy a local Turkey Trot and an end of year run, like the Reeds Lake Resolution Run, as you round out the year.

For those of you returning to running after some time off, please consult with your health care provider first and consider the lower mileage and lower repeat options provided.

Having a community to support you in your training will help complement a solid plan like this as you work towards your running goals. A structured group of peers can provide you the accountability, support, friendship, and enjoyment of running so you can keep showing up in good weather and bad, when running is easy and when it is hard. The Amway River Bank Run community runs and local running groups like RunGR are here to provide you with all of these crucial elements as you train towards your goals. Whether it be finishing the Amway River Bank Run 25K, setting a PR in the 10K, taking part in your first 5k, or walking with family in the 5K walk, we are here to support you.

We look forward to seeing your progress over the next eight weeks and into the new year.

Please be on the lookout for event-specific plans to come out as a part two of our overall training plan. 25K low, medium, and high mileage training plans will start in January 2025 and for any of you targeting shorter distances, the training plans for the 10K and 5K will start in February and March.

See you out on the trail,

Russ Hines
